Profile

Hardworking computer science student eager to offer academic success and training to support software development team. Applies software engineering principles and software development lifecycle tools to develop stable and intuitive products. Strategic software professional accustomed to collaborating with internal and external teams to implement innovative technology roadmaps. Delivers sustainable growth and thought-sharing to support ongoing progress. Solution-driven FullStack adept at contributing to highly collaborative work environment, finding solutions and determining customer satisfaction. Proven experience developing consumer-focused websites using HTML, CSS, PHP and JavaScript. Built products for desktop and mobile app users, meeting highest standards for web design, user experience, best practices and speed. Designed and developed web applications across multiple APIs, third-party integrations and databases as personal projects.

Education

Bsc, *Madonna University*　　　　　　　　　　　　　　　　　　10/2019 – 12/2023
Computer Science　　　　　　　　　　　　　　　　　　　　　　　Elele, Rivers State,
　　　　　　　　　　　　　　　　　　　　　　　　　　　　　　　　　　Nigeria

Languages

- English

Interests

- Designing

Industrial Training

Developer- 300level Internship, *Employed by Mr Gabriel*　　　03/2022 – 11/2022
- Collaborated with my I.T supervisor to create their student exam local application　Asaba, Nigeria
- Completed allocated work within agreed time, cost and quality to meet expectations.
- Implemented User Interface elements to facilitate test execution and log analysis.
- I also had the chance to learn different frameworks.

Personal Projects

Online Story Book:

- Engaging: An engaging platform for sharing stories.
- Customizable: Users can customize story visibility.
- Authenticated: Secure Google authentication for email users.
- Interactive: Encouraging interaction between users.

E-commerce Web Application(still working on this):

- Seamless: Provides a seamless shopping experience.
- Intuitive: User-friendly with an easy-to-navigate interface.
- Efficient: Efficient order and payment processing.
- Admin Dashboard: Empowers admins with control and insights.

Shipping Courier Site:

- Informative: Provides comprehensive information about operations.
- Transparency: Demonstrates operational transparency.
- Convenient: A single-page resource for all courier inquiries.
- Reliable: Highlights the reliability of courier services.

P.S: Actively working on expanding my project portfolio; more exciting projects coming soon in the future....

ADDITION

Technical Skills:
- **Front-End Development:** HTML, CSS, JavaScript, React.js.
- **Server-Side Development:** Node.js, Express.js.
- **Database:** MongoDB.
- **Full-Stack:** Proficient in both front-end and back-end technologies.
- **PHP Framework:** Laravel (immediate proficiency).
- **Web Development:** Building dynamic, responsive web applications.
- **RESTful APIs:** Design and implementation.
- **Next.js:** Building server-rendered React applications.

Soft Skills:
- **Problem-Solving:** Effective at tackling complex issues.
- **Adaptability:** Quick to learn and adapt to new technologies.
- **Teamwork**: Collaborative and valuable in team environments.
- **Creativity:** Thinking outside the box for innovative solutions.
- **Project Management:** Efficiently managing time and resources.
- **Attention to Detail**: Ensuring high-quality work.
- **Effective Communication:** Expressing ideas clearly and concisely.
- **Customer Focus:** Prioritizing customer satisfaction.
- **Self-Motivation**: Driven to achieve personal and professional goals.
